*How many times have you looked at a person and made a snap judgement of who and what they were? It is my opinion you should not make any preconceived judgements based on ignorance. Give that person an opportunity to show you who and what they are and most of the time you'll find an extraordinary individual, one you'd have missed if you'd based your acquaintance on your first glance. I made that mistake once and when I'd discovered my error, believe me, I have never done such a thing again. And that goes for persons of different, races, creeds and religions. We are all one, under the skin!*
